

U-BOATS TO "SINK ALL"

Captain Tells of Order That
Was Suspended, Ap-
plied to All

SHIPS BOUND FOR ENGLAND

Details of Capture of Dutch
Steamer Told by Amer-
ican on Board

New York, Dec. 5.—Details of the capture of the Dutch cross-channel mail steamship Koninkin Regentes by German submarines on Nov. 10, and of her being escorted into the harbor of Zeebrugge, Belgium, by a combined fleet of German airplanes, submarines and destroyers, were related yesterday by Dr. Howard G. Kimbley of San Francisco, one of the three Americans on board at the time. Dr. Kimbley arrived on the steamship Ryndam from Rotterdam.

"We were about three hours out from Flushing," said Dr. Kimbley, "when a German airplane marked with a big black cross appeared and circled about us. The airplane discharged a couple of smoke rockets, and then another airplane came into sight. Soon a big gray submarine arose less than a hundred yards off our port bow. The submarine signalled to the captain of the Koninkin Regentes to stop, and notified him that he was to turn about and proceed to Zeebrugge. Our captain protested and managed to send a wireless message back to Flushing, which was answered by the appearance shortly of two Dutch de-

SWAMP-ROOT FOR KIDNEY DISEASES

There is only one medicine that really stands out pre-eminent as a remedy for diseases of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of even the most distressing cases. Swamp-Root, a physician's prescription for special diseases, makes friends because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Daily Times.—Adv.

PEPSIN, NUX, IRON AND SARSAPARILLA

A Magnificent Combination—Finest
Course of Medicine.

Physicians and pharmacists have long known the desirability of combining iron—a superlative tonic—in a blood-purifying, building-up medicine.

The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Pepsin Pills to be taken in connection with the Sarsaparilla—one before eating, the other after.

In this way the two medicines work together most harmoniously and beneficially, supplementing each other, and giving a four-fold result in blood-cleansing and up-building.

You get blood-purifying, appetite-giving, liver-stimulating qualities in Hood's Sarsaparilla and great tonic properties in Pepsin Pills.

Buy these medicines to-day.—Adv.

stroyers. With the appearance of the latter vessels, there also came a second German submarine, and for a time it looked as if there might be an encounter between the two forces.

"The Dutch destroyer yielded and retired, but not before the submarine's commander told our captain that if he did not obey orders immediately he would send a torpedo into us.

"We had about seventy passengers on board—Belgians and French, with a few Dutch, about half of whom were women and children. It was evident that many of the men passengers had papers they did not wish to fall into German hands, for almost simultaneously with the appearance of the U-boat they began to throw packages overboard, several of which were picked up by the submarine.

"We proceeded to Zeebrugge, escorted by the submarines and airplanes and by two German destroyers which also came out to meet us. The submarine captain who came aboard our ship and his officers evidently were half-starved, judging by the way they ate and drank. The first night aboard the captain, while at the table, talked more than he evidently intended. He made the following remark to me and to the captain of our ship:

"The submarine fleet of Germany has been given general orders to sink every ship bound for British ports, regardless of nationality if it has contraband aboard. The orders, however, have been temporarily suspended."

Dr. Kimbley said that while in German hands the Americans suffered severe privations.

SAYS BOMBS PLACED HERE DESTROYED RUSSIAN SHIP

Explosives Blew Up Several Munition
Vessels in Archangel Several
Weeks Ago.

New York, Dec. 5.—The steamships blown up in the Russian harbor of Archangel several weeks ago with the loss of millions of dollars in munitions and other war supplies were destroyed by bombs placed in the cargoes of the ships at the piers of the Bush Terminal company in this city, it was charged yesterday at police headquarters by the commercial agent here of the Imperial Russian embassy.

Federal authorities have been pursuing Wax ever since the trial of the suit, it was learned yesterday. The trail led into 21 states, into South Africa, South America, Great Britain, Canada and back to the United States.

When detectives entered the Wax apartment they found the trunks packed and everything in readiness for moving. Wax is said to have made his home at Gloversville, N. Y., for some time.

COMING TO FACE ACCUSERS

Real "Osborne" Tells of His
Relations with Ræ
Tanzer

SURE HE IS LONG SOUGHT DECEIVER

Denies He Had Anything to
Do with the Love Suit
Against "Double"

Chicago, Dec. 5.—Strange tangles of mistaken identity were revealed yesterday in the further examination of the man known here as Charles H. Wax, who, according to the police, admitted Sunday night that he is "Oliver Osborne," the mysterious "O. O." whose escapades with Miss Ræ Tanzer, a New York milliner, resulted in her filing suit in March, 1915, for \$250,000 against James W. Osborne, a former assistant district attorney.

Wax, who asserts he was graduated from Columbia university in 1907 and is a physician, was taken into custody at his apartment here Sunday. He is said by the police to have been known by more than a dozen aliases and to have

HIS FRIEND HURT; HE HELPED HIM

Injured Man Laughed When Simple
Treatment Was Suggested, But
He Thanked His Com-
rade Later.

Once upon a time word came to Henry A. Voehl, of Plainfield, N. J., that a close friend had been injured, and full of anxiety he visited the afflicted man, who was suffering from a sprained ankle.

"It was so bad that the leg had turned black," said Mr. Voehl in relating the story. "I told him I would have him out in a week and he laughed at me. But I took him a bottle of Sloan's Liniment, that night he put some on and noticed the ankle felt better. I told him to use it every day, and in three days his ankle was practically well. In four days he was working. He gladly admits that Sloan's Liniment 'put him on his feet.'"

Sloan's Liniment can be obtained at all drug stores, 25c., 50c., and \$1.00.

Liniment**
KILLS PAIN

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Adv.

swindled more than 200 young women in various parts of the country out of their savings, while the postal authorities are investigating alleged fraudulent use of the mails.

In his statement he denied that he had played anything but an innocent role in the suit against Mr. Osborne and asserted that the marked likeness between him and that of the New York attorney was responsible for the suit.

Wax told of the situation which led to his acquaintance with Miss Tanzer and of his later trip with her to Plainfield, N. J.

He insisted that he went to Mr. Osborne and told him of his acquaintance with the case in the hope that he might clear the attorney of the stigma attached to the case, but because of the publicity given the suit, decided it would be dangerous for him to remain in New York.

"Mr. Osborne and I look strikingly alike, although he is a much older man," Wax said. "In fact, I put on his glasses and his wife laughed at the way it strengthened the resemblance. I am 36. Mr. Osborne must be more than 50."

Wax has been living in Chicago six months with a woman known as Mrs. Ida Dorothy Wax, to whom he says he is legally wedded. A part of last summer he spent in Wausau, Wis., as Dr. Francis E. Burke. Until a few days ago he was employed here as head night porter in a downtown department store. Mrs. Wax asserted that she had known her husband only a little more than a year, but that they were married a year ago, but decline to say where.

Wax is neatly tailored and he is said to speak French, German, Italian and Spanish. He talked freely of his connection with the Osborne case, but of little else except his record as quartermaster sergeant in the 29th United States infantry.

The police say that he had served two penitentiary sentences, one at San Quentin, Cal., and one at Salem, Ore., both for swindling women. It is alleged that he had preyed on working women, and that by promises of marriage, he obtained possession of their small savings and disappeared. Wax said he would waive extradition. "Now that I'm caught, I want to clear the name of a reputable citizen," he said.

Federal authorities have been pursuing Wax ever since the trial of the suit, it was learned yesterday. The trail led into 21 states, into South Africa, South America, Great Britain, Canada and back to the United States.

When detectives entered the Wax apartment they found the trunks packed and everything in readiness for moving. Wax is said to have made his home at Gloversville, N. Y., for some time.

WOMAN SLAIN.

Mrs. Early of Nashua Found Dead—Husband Detained.

Nashua, Dec. 5.—Mrs. Bridget Early, 45 years of age, was found dead in her home here yesterday, her throat deeply gashed.

Police officials, after a hasty examination, detained the woman's husband, Bernard Early, a cotton mill operative, pending further inquiry. He was taken into custody at a place near his home.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and
phosphate prevents illness
and keeps us fit.

Just as coal when it burns, leaves behind a certain amount of incalculable material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and putrefactive poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiastic on the subject.

Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

FIX HEARING ON POWER CO.

(Continued from first page)

heat or power than their plant can produce under all circumstances, then they shall be liable for, and shall pay out to any party or parties whom they shall fail to furnish with a continuous supply of heat and power, a sum of money equivalent to the amount of damage sustained by the party or parties who may have suffered loss or damage by their neglect or failure as aforesaid.

That the said Central Power Corporation of Vermont shall abide by and perform all of the conditions and provisions of chapter 10, of the revised ordinances of the city of Barre, and all amendments hereafter made thereto, or any other ordinances, orders or rules relating to conduits, poles, wires, or electric current that may hereafter be enacted or promulgated by the city of Barre, and that whenever the city council, by resolution duly passed, shall decide that the public good requires that the wires of said Central Power Corporation of Vermont on any street on which they may be placed shall be placed underground, and upon due notice of such resolution being given to said Central Power Corporation of Vermont, they shall comply with the terms and conditions of said resolution.

And further, that the said Central Power Corporation of Vermont shall furnish to the city of Barre a bond in the sum of ten thousand dollars with surety satisfactory to the city council to indemnify the city of Barre for any loss, cost, damage or expense to which it may be put by reason of any claim which may be established against it by virtue of the rights herein granted, and also for the faithful performance of all of the obligations placed upon said Central Power Corporation of Vermont by this resolution.

The rights herein granted to said Central Power Corporation of Vermont are not assignable or transferable.

Said Central Power Corporation of Vermont shall within 60 days from the passage of this resolution endorse upon said resolution its acceptance of the same and file with the city clerk the bond hereinbefore referred to. Failure on their part to do so shall render it null and void, as shall also any failure on their part to comply with any of the terms and conditions set forth in said resolution.

Routine Business.

When the grist of warrants that are presented at the end of each month for approval were read, Alderman Rossi inquired concerning an item of \$42 for insurance on the apparatus at the fire station. His inquiry developed the information that the insurance is carried for a period of five years and that it operates only when any of the apparatus is burned while in the fire station. Alderman Rossi objected to paying the warrant on the ground that the protection of the fire committee could not see the resemblance to a donation mentioned by his colleague. He mentioned two cities—down in Maine—where fire stations were destroyed and said that the \$42 paid the bill for five years. Alderman Rossi's motion to cancel the insurance was not seconded and when Alderman Healy moved to approve the warrants for payment it was duly seconded. The fifth ward representative then moved to amend by striking out the \$42 warrant. No one seconded and Alderman Healy's motion carried with one opposing vote.

Once more the clerk uncovered a proposed agreement with the Barre & Chelsea railroad whereby the latter is permitted to use a turnout near Enterprise alley for railroad purposes. The agreement stipulated a \$5 charge per annum for the privilege and Alderman Glysson, for reasons stated last week, was about the only one to favor the per annum fee. Alderman Healy opposed it on the ground that the piece of land in question was originally presented to the city by the railroad. When it was found that a majority held with Alderman Healy, the agreement was tabled and the agreement adopted last week, which extends the privilege without cost to the railroad, still stands.

Building permits were granted F. D. Beckley to remodel a house on Seminary street and Mrs. C. E. Bolster to build a surface cutter shed in Depot square, through the reports of the inspector, whose November report, read and accepted, referred to 25 minor permits granted. On the favorable report of the wiring inspector permits were granted G. A. Wilkinson to change house lights on South Main street, G. L. Woodworth to shift a block meter on North Main street, and the M. & B. L. & P. Co. to install six meters.

Chief Sinclair's September report on doings in the police department was read and accepted. Forty-three arrests were made on the following allegations: Intoxication 27, selling liquor illegally 12, search and seizure 1, breach of the peace 8, violation of city ordinances 1, adultery 2, open and gross lewdness 1, keeping house of ill fame 1. Mayor Gorham asked of the property committee for a report of a stenographer's sweater alleged to have been stolen from the city court room and in lieu of facing a public hearing, the committee promised to report next week.

Bills Approved.

The warrants approved were as follows: Barre Savings Bank & Trust Co., \$2,500, six months' interest due on water bonds; engineering department, \$78.46, work, several departments, in November; Moncrier & Barre Light & Power Co., \$6.23, supplies; N. D. Phelps Co., \$72.23, supplies, street, city building, fire accounts; Smith, Whitcomb & Cook, \$13.32, repairs, street account; H. Watt, \$26.20, blacksmithing, street account; water department, \$348, culvert pipe, street account; DeWinnell Hardware Co., \$30, cement, sidewalk account; H. Cole, \$20, assisting engineer; E. Dix Co., \$20.68, supplies, engineering account; F. O. Lee, \$125, services as water superintendent and engineer; D. Gilbertson, \$22.20, services as wiring inspector; Builders Iron Co., \$58.57, supplies, water account; Chapman Valve Co., \$136, supplies, water account; W. S. Dawley, \$15, supplies, water account; Johnston & Gamble, \$17.45, team hire and auto, water and police accounts; Perry Auto Co., \$21.35, repairs, water account; Reynolds & Son, \$281.70, hose, fire and water accounts; N. J. Roberts, \$58.93, printing, printing and stationery and water accounts; Anna Robertson, \$42, salary; water department, \$33.21, cash paid out; American-LaFrance Co., \$27.46, repairs, fire account; C. W. Averill & Co., \$3.99, C. B. Gladding, \$3.96, cash paid out, G. A. Paquet, \$6, smithy work, fire account; Charles Perrin, \$56.38, team, F. A. Slayton, \$40.79, hay, fire account; C. L. Bugbee, \$7.84, work, fire and city building accounts; D. M. Miles Coal Co., \$84.80, supplies, city building and election accounts; Mrs. Grace Morgan, \$30.30, cleaning, city building account;

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up, the air passages of your head clear and you can breathe freely. No more hacking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

W. J. Clapp, \$800, care of poor, \$11.65, salary, poor account; F. G. Russell, \$17.50, supplies, health account; Dr. J. W. Stewart, \$50, salary as health officer; J. J. Lamb & Co., \$10.15, supplies, printing and stationery account; C. F. Lowe, \$879.81, special county tax; J. W. Dillon, \$7.80, insurance on city apparatus; E. C. Brock, \$14.20, election service; E. H. Bancroft, \$22, veterinary service, street account; street department payroll, \$214.48, street, state highway, walk and health accounts; fire department payroll, \$93.80; police payroll, \$92.89; G. A. Bemis, \$14, services as janitor; J. E. Cushman, \$2,035.04, labor on North Main street water main; J. A. Healy, \$70.65, services as alderman, June to September.

CALL LOAN BIDS RUN UP TO 15 PER CENT.

Highest Rate Quoted in New York Since
the Outbreak of the Euro-
pean War.

New York, Dec. 5.—Fifteen per cent was bid for call loans on the Stock Exchange here yesterday afternoon. This is the highest rate quoted for this form of accommodation since the outbreak of the European war, the rate on Aug. 1, 1914, not exceeding 10 per cent.

The rise to 12 per cent early in the day was attributed chiefly to the steady shrinkage of local bank reserves during the past four weeks, that item having fallen in the period named from almost \$100,000,000 to \$11,000,000 since the federal reserve system became operative.

A loan of a moderate amount was made at 15 per cent shortly after 2 o'clock. From that rate there was a decline to 10 per cent.

BRIDE OF FIVE DAYS WAITS FOR KIDNAPED HUSBAND

The Money for the Honeymoon Lost, and
Father Aids the
Elopers.

Milwaukee, Wis., Dec. 5.—Kidnapped by four classmates, left in a taxi cab with a pretty girl and then to lose the money for a honeymoon trip while the bride of five days was waiting for railroad tickets for the honeymoon, was the elopement experience of Miss Hallie Mae Ure, of a wealthy Milwaukee family, and Arthur Brooks McClave, youngest son of William R. McClave, junior partner of the McClave-Brooks company, of Scranton.

Back of the story was the meeting at an eastern college function of the Milwaukee girl and the Scranton young man, then a candidate for the Yale football team. Miss Ure was at an eastern school for girls.

The Milwaukee elopement escaped public notice until the Milwaukee kid-
